

Stony Point Food Scrap Composting Program

**Jim Monaghan, Stony Point Town Supervisor and
Commissioner of Rockland Green**

**The Town of Stony Point
is partnering with
Rockland Green to compost the
Town of Stony Point residents' food scraps!**

Why separate your food scraps?

Food scraps are the single largest component in the Municipal Solid Waste stream (MSW). Decomposition of food scraps in a landfill produce methane, a greenhouse gas 20 times more damaging than CO₂. Food scraps are valuable materials that if properly collected and composted can help reduce pollution and improve overall quality of life. Your food scraps will be processed into a beautiful nutrient-rich soil amendment instead of heading to a landfill that is over 300 miles from Rockland County.

Stony Point Food Scrap Composting Program

How to Food Scrap Recycle in Stony Point, it's easy:

1. Pick up your free food scrap bin kit and compostable brown bags at the Town of Stony Point Highway Department - 15 Rose Street, Stony Point, NY., or at Cornell Cooperative Extension - 10 Patriot Hills Lane, Stony Point, NY.

2. COLLECT your food scraps in the small bin stored on the counter top or under the sink. You must line your bin with Rockland Green's small compostable brown bags provided free of charge.

3. TRANSFER the bagged food scraps from the small bin into the large bin. It is recommended that this bin be stored in a garage or outside.

4. DROP OFF the bagged food scraps at 10 Patriot Hills Lane, Stony Point, NY. All material collected will be brought to Rockland Green's Co-Composting facility in Hillburn, NY where it will be composted into a nutrient rich soil amendment.

Where to pick up the free food composting bin kit and the required compostable brown bags:

Stony Point Highway Department - 845-786-2300 - 15 Rose Street, Stony Point, NY
