FROM: Ronald Ludwig, Assistant Operations Manager

RE: 2020 Leaf Composting Program

Rockland Green is pleased to announce, effective **October 19, 2020 thru December 12, 2020** leaves collected within Rockland County by your Company may be delivered to the Rockland Green's West Nyack Composting facility located at 166 S Rte. 303 for recycling at **NO CHARGE**. Hours of the Leaf Composting Program are Monday thru Friday 7:00am to 3:30pm and Saturday 7:00am to 12:00pm.

Once again, Rockland Green has installed a weight scale at the Leaf Compost Pad. Permitted Contractors are required to bring their vehicles in the week of **October 13, 2020 from 7:00am to 3:30pm thru October 16, 2020**, in order to establish new tare weights. Once the new tare weights are stored into the system, your vehicles will only be required to weigh in when they dispose of the leaves, collected within Rockland County.

Contractors cannot participate in the Leaf Composting Program if they have not updated their tare weights for 2020 and will have to scale in and out at the main scales located at the entrance to the facility.

Tickets are required and are available at the temporary scale house located on the Leaf Composting Pad. No tickets will be issued to any Contractor who does not have a current Rockland County Department of Health (RCDOH) Yard Waste permit. As in the past, a maximum of twenty (20) tickets will be given to each Company. When your Company has exhausted the twenty (20) tickets feel free to come in for additional tickets.

Simple Rules to Follow:

1. Permitted Landscaping Contractors are required to weigh in during this time period.
2. All Landscapers are required to complete tickets issued to them from Rockland Green prior to dropping off their leaves for Composting on the Composting Pad.
3. All Landscaping firms are required to dispose of all leaves at the designated areas on the Compost Pad and follow directions of Rockland Greens' contractor or that of Rockland Green's personnel.
4. Permitted Landscapers are prohibited from staging any equipment onsite.

If you have any questions or concerns, please feel free to call this office at (845)358-0759.
